

CLIMATE CONTROL. It wasn't a Saturday night; it was just a warm Wednesday in Buffalo, N. Y. Miss Sandra Lynn rigged up her own air-cooling gadgets. It was hot work rounding up the ice cream, fan and chunk of ice, but after Sandra got set in the home-made resort she smiled—didn't she?

20 Bellanca Planes Shipped From N. Y. For China

(By The Associated Press)
NEW YORK, Aug. 29—Twenty powerful and exceptionally fast Bellanca monoplanes have been shipped to China within the past few days and more are being built. The planes were originally intended for Spain but could not be shipped because of the United States neutrality law.

G. M. Bellanca, president of the Bellanca Aircraft, described them as single engined low winged monoplanes, capable of 280 miles an hour with a load of 2,400 pounds. The planes can be shipped to China as long as President Roosevelt does not declare a State of War exists between China and Japanese which would invoke the neutrality law.

Found Fortune In Coin, Did Not Live To Use It

(By The Associated Press)
BALTIMORE, Md., Aug. 30—Henry H. Grob, who found a fortune in old gold coins three years ago and stored it away to care for his old age, died last night, aged 18 years. His share of the fortune, \$7,000, was still in a bank untouched. Henry was one of two youths who dug up the unfloored cellar of a boys club here and found a treasure worth twenty thousand dollars.

Henry received seven thousand as his share, one half minus legal fees. Henry carefully hoarded his fortune took a sixteen dollar a week job. Then he made the mistake of going swimming with a cold, against doctors orders. He died of pneumonia.

President Signs Loophole Bill Tax Structure

(By The Associated Press)
WASHINGTON, D. C., Aug. 28 President Roosevelt signed the tax loophole closing bill, placing pressure taxes, on various methods used by wealthy persons to reduce their federal levies. The measure is an outgrowth of a prolonged Treasury inquiry, a request from the president for legislation ending "evil practices", and a joint house and senate investigation during which names of thousands of alleged avoiders were made public.

The bill sharply increases surtax rates on personal loaning company income, increases levies on non-resident aliens and puts restrictions around individual attempts to incorporate personal talents, country estates and yachts to save taxes.

The eight point program for sealing outstanding loopholes is expected to be followed early next session by a more sweeping bill, containing not only loophole closing provisions, but general revision of the tax structure.

20 Wounded, 30 Killed In Riots Police, Farmers

(By The Associated Press)

WARSAW, Aug. 28—Twenty persons were killed and thirty wounded according to provincial reports in rioting between police and farmers in the climax of a ten day farm strike against government decrees. It was reported that 56 persons mostly farmers had been killed and scores injured during disorders of the last ten days.

The government announced that the agricultural strike, particularly in the Cracow and Tarnow districts, had succeeded in choking off city food supplies through terrorist actions which in several sub-districts led to sanguinary encounters with police. The government insisted, however, that order had been reestablished throughout Poland.

It was estimated that more than two hundred persons were under arrest, some of whom have been removed to the government's concentration camp at Bereza.
